

This training is Presented  
by the City of Wildomar

*CERT is about readiness, people helping people, rescuer safety, and doing the greatest good for the greatest number.*

*CERT is a positive and realistic approach to emergency and disaster situations where citizens will be initially on their own and their actions can make a difference. Through training, citizens can manage utilities and put out small fires; treat the three killers by opening airways, controlling bleeding, and treating for shock; provide basic medical aid; search for and rescue victims safely; and organize themselves and spontaneous volunteers to be effective.*

CERT training is a commitment of 20 hours of training. There is no cost for the training. Only those who successfully complete the practical exercise with hands-on instruction in fire suppression, search and rescue, cribbing and medical will receive a certificate of completion and a FREE backpack with emergency tools worth more than \$50.
